4711 - BC conf. call a.m. 10:30

Honey Creek - WWTP 0.5 MGD

Kelly Leach - Apph - David - atty.

James Murphy - TPWD atty

Can meet Belterra limits.

Discharge Point -

Ventana
14959-001GBRA - plant to SE interested in taking
wastewater. Taking over August 2019, - Turning over in Jan.

Would be a viable long-term solution.

Could enter into agreement - Kelly about GBRA -

Kelly Leach is very interested in going to GBRA plant.

no 210

now

No infrastructure
for 210

Process for going to GBRA -

or - discharge to Kelly Creek - build plant at
current site. Can do - Kelly Leach

Loading issue ?? - shared discharge route.

TP loading issue.

all 3
not incl.
discharge
to Honey
Creek

1. - GBRA agreed to take Honey Creek effl.
GBRA property is capped @ 5 ac. - that's the crex of this deal. ^{Acquiring more ac.}
2. Honey Creek be regional plant, but discharge to Kelly Cr.
Honey Cr. could dedicate more land for reg. + 210
3. Honey Creek discharge go to Kelly Creek
- able to keep 210 - preferred alternative,

* TLEQ to look @ TP loading to Kelly Creek.
